New website plugs residents into community

Looking for answers about how to live and work in St. Matthews? Whether you are a long-time St. Matthews resident or new to the community, the city's new website, at www.stmatthews.ky.gov, provides the resources to answer many of those questions.

Launched in February, the website is easy to navigate with pull-down menus and quick links on its home page. The Government tab provides links to city officials and local, state, and federal representatives, as well to the city's budget and council meeting minutes. Want to know how to properly park vehicles or vote in St. Matthews? A city ordinance link and a voting link are also found under the Government tab.

Links under the Service tab provide information on MSD, Louisville

Water, LG&E, ambulances, hospitals, fire, and police. If you have a

teen who needs a driver's license, want to know what you can put in your recycling bin, or need senior care services or a TARC bus route,

Answers to residents' questions are just a click away on St. Matthews' new website.

the Service tab is the place to look.

Getting plugged into the neighborhood is as easy as clicking on the Community tab to find area organizations and churches. Under that same tab, you can rent the St. Matthews Community Center for your parents' 50th wedding anniversary or your daughter's wedding reception. Area schools and shopping venues may also be found there.

If you are making summer plans, check out the city's parks and pavilion reservations or arrange to attend an event at the

can use to find your way to such points of interest as Burks Cemetery, a hidden, hallowed ground where early 1800s settlers of St. Matthews are buried.

For answers to occupational questions about taxes and zoning and for links to permits and license forms, look under the Business tab. Answers regarding business licensing and solicitation registration may also be found there.

Quick Links at the bottom of the home page take you directly to some of the most frequently used pages such as city events, parks, and police. Next to those links, you can even check the daily weather.

The "How Do I" tab features answers to popular concerns voiced by St. Matthews residents,

www.stmatthewsky.gov

A Message From...

In March, St. Matthews celebrated 65 years as an incorporated city, but its history goes back much further.

In 1774, surveyor John Floyd, after whom Floyd's Fork is named, purchased 2,000 acres that encompasses what is present day St. Matthews. Floyd is buried in the Floyd-Breckenridge Cemetery on Jamestown Court in St. Matthews.

During the summer and fall of 1865, General William T. Sherman's Union forces were stationed in St. Matthews. A few years later, German and Swiss immigrants began to arrive and farm potatoes and onions on the land, using the railroad to market their produce.

The James Brown residence is one of a few early buildings remaining in St. Matthews. Built prior to 1882, the residence is now the club house for Mallard Creek Apartments.

Well-known St. Matthews residents have included Bill Schroeder, the second recipient of the Jarvic 7 heart, magician Lance Burton, who gave free performances at St. Matthews Baptist Church, and actor Ned Beatty, who grew up on Grandview Avenue.

Mayor Richard Tonini

In its 65 years of incorporation, the city has had only five mayors, including Mayor Richard Tonini, who took office this year.

For more on the history of St. Matthews, see Samuel W. Thomas' book, *St. Matthews – The Crossroads of Beargrass*.

The book is available for purchase through the St. Matthews Beargrass Historical Society and the St. Matthews Eline Library, or at local book stores. More information regarding the city's incorporation may be found on the city's new website at www.stmatthewsky.gov under the Community tab.

Hometown History - 1953

In his *St. Matthews: The Crossroads of Beargrass*, Samuel W. Thomas commented on this photograph: "For decades, this property had been farmed by the Seiderman family, and in later years by the Seiderman sisters. Carolyn Rudy Barth, who lived nearby, remembers that the sisters worked long and hard on their truck farm. Carolyn was sent by her mother to buy vegetables,

and she recalls that the cellar rooms were full of potatoes, turnips, onions, and squash. 'They never went to the bank, and they had drawers of money.'" See page 11 to learn what is located on this land today.

Louisville Gas & Electric

502-589-1444

Fast path options are: 1-1-1 (gas) and 1-1-2 (electric).

Emergency Contact Numbers

Louisville Water Company

502-583-6610

To report emergencies like water main breaks or broken fire hydrants.

Easy Being Green

No plastic bags for yard waste

Please remember that, as a matter of law, reusable containers or biodegradable bags must be used for yard waste. Free stickers for your designated yard waste containers are available at city hall. For better identification, two or three stickers for each container are recommended.

Paint disposal

Your newly painted room looks great. Now what to do with the leftover paint?

Dried latex paint can be disposed of with your regularly scheduled trash collection. Just remove the lid and allow the paint to dry in a safe area out of the reach of children and pets. You may also stir in cat litter, sand, shredded paper, or saw dust to help absorb the excess paint.

You may recycle oil-based and lead paints through Metro Solid Waste Management's HAZ BIN disposal program. HAZ BIN is located at 7501 Grade

Lane and is open Wednesdays and Saturdays from 9 a.m. to 3 p.m.

Prescription drug disposal at City Hall

Prescription drugs may be dropped into the drug disposal box at St. Matthews City Hall. Due to the overwhelming success of this service, we find it necessary to allow disposal Monday through Friday from 8 a.m. to 4 p.m. only. Drugs must be placed loosely in sealed plastic bags. Please remember that sharps, needles, liquids, and nonprescription drugs may NOT be deposited in the box.

Use permeable pavers

When deciding to install or replace concrete or asphalt

features, such as sidewalks, driveways, or patios, consider using specialized asphalt or permeable pavers. These materials allow water to pass through into underlying soil, reducing runoff into gutters, streets, and waterways. In winter months these materials reduce icing by letting the water pass through, rather than pool on the surface.

Fertilizer usage

Don't apply fertilizers before a rain storm as they will simply run off into the city's waterways rather than being absorbed into your lawn or garden. Consider using organic fertilizers as they release nutrients more slowly. Apply fertilizer to the lawn at the proper time and in the proper amount by following the package directions. This can save time, effort, and money through reduced mowing and watering.

Recycling is collected every other week on the same day as trash on weeks highlighted in red. Holidays marked in blue will delay recycling and/trash one day.

Police Beat

Maintaining excellence

The St. Matthews Police Department is currently in the process of its fourth reaccreditation through the Kentucky Association of Chiefs of Police. Accreditation allows an outside agency to evaluate the standards and policies of the department to ensure that it is following the best practices for modern law enforcement. Being an accredited agency also provides the city with a reduction in the cost of

its liability insurance. SMPD has been accredited for 15 years.

CIT training

The department is pushing forward to have all of its officers certified in Crisis Intervention Training. CIT gives officers training in alternative means of assisting citizens who are going through crises due to mental illness or substance abuse.

Currently, approximately half of SMPD's officers have had the training. Other officers are being trained as schools become available.

New tasers

SMPD recently purchased new tasers for every officer in the department. The tasers will be issued once all officers have been trained and certified in their use.

Free computer tune-up and repair

For several years Rae Taylor, Ray Reese, and Brad Pebble have been gifting the community with their technological know-how. If you have need of a computer tune-up or repair, they will be meeting the first Saturday of

each month at the St. Matthews Library from 1-4 p.m. If you have a desktop computer, bring only the computer, as they will have a mouse, keyboard, and monitor on site. There is no charge for the service, and if you need parts to complete a

repair, they will show you where you can purchase them and do the installation for you. The service will take place in the second floor meeting room. For more information, visit www.computertuneupandrepair.weebly.com.

2-1-1 United Way: Find resources with one call

We all need a little help from time to time and finding the right information quickly is vital. With Metro United Way's 2-1-1, the answers you are looking for are just a three digit phone call away. Metro United Way's 2-1-1 directs people looking for resources to help them face life challenges, often

for the first time, to the appropriate service provider. A trusted and caring call specialist will listen to the full scope of your issue and connect you immediately to the right source. This easy-to-remember phone number saves time and frustration by eliminating the need to navigate a maze of agencies and help-lines. With 2-1-1 services, there is no longer a wrong number when seeking to find or give help. Should the 2-1-1 number not

work from your phone, use 1-877-566-4968.

Metro United Way provides many services including those involving basic needs, individual and family life, consumer services, criminal justice and legal services, mental health care and counseling, education, organizational/community/international services, environmental quality, support groups, health care, income support, and employment.

Crime Buzz

Knock, knock.

Who's there?

Before you open your door to anyone, find out who is on the other side. If the person knocking is a salesperson or charity worker, ask to see a current City of St. Matthews certificate of registration. Don't open the door if they say they do not have one with them.

Even in this era of online shopping, door-to-door soliciting is common. All commercial solicitors operating within the city – even those just leaving brochures or business cards at residences or businesses – must carry a certificate of registration issued by the City of St. Matthews. A certificate does not imply that the city endorses the business or organization – it simply means they are registered.

Any person representing a nonprofit group, whether charitable or religious, must also carry a permit when seeking donations door-to-door or in any public place – and must show it to you when asked. Charitable and religious organizations are exempt from this requirement if they're just providing information.

All Solicitors must respect "No Solicitors" signs and may not solicit prior to 9 a.m. or after 7 p.m. any day of the week, nor at any time on Sunday or on a state or national holiday.

Persons under the age of 16 or any person exempted by Louisville Metro Ordinance are not required to have a certificate of registration from the City of St. Matthews.

If someone comes to your door and does not have a City of St. Matthews certificate of registration, arrives prior to or after the allowed solicitation time, is unusually persistent, or has ignored a posted "No Solicitation" sign, call the St. Matthews Police Department at 893-9000.

Make a habit of protecting your family – ask to see permits!

Lock it up

Warm weather is coming! Please remember to shut and lock doors and windows whenever you leave your home. Most burglaries are crimes of opportunity. Don't give the bad guys the opportunity.

Hot car warning

Never leave children or pets in your car. Cars can reach unsafe

temperatures in a matter of minutes when the sun is shining bright. You can be cited or even arrested for leaving children or animals in a hot vehicle.

IDthisperson.com

Check out the IDthisperson.com website to help identify criminals anonymously. You may receive a \$25 reward. New images are posted every day of unidentified suspects.

Free house watch

SMPD provides free house watches for residents on vacation or away from home for other reasons. Call 893-9000 to schedule your free watch.

SMPD Anonymous Tip Line

If you have seen something suspicious, you can alert the police anonymously by calling 498-CLUE (2583), Option 1. To report a crime in progress, call SMPD directly at 893-9000. You do not have to give your name.

Free paper shred & drug toss on May 16

Senior Care Experts is holding a free shred and drug toss day

at their office located at 145 Thierman Lane on Saturday, May 16, from 9-11:30 a.m. They will also accept binders and staples.

Metro Louisville Police will be on hand to collect expired or unneeded medications. There is no charge! For more information, call 896-2316.

Hot Off the Press

Fireworks safety

City of St. Matthews Ordinance § 11.04 states: "It shall be unlawful for any person, firm, corporation or other entity to use or detonate any display fireworks within the City of St. Matthews, except for professionally staged and permitted events."

Never give fireworks – not even sparklers – to children. They are dangerous devices that can cause severe injury and even death. Sparklers cause 16% of fireworks injuries. Whereas water boils at 212 degrees, cakes bake at 350 degrees, wood burns at 575 degrees, and glass melts at 900 degrees, a sparkler burns at 1200 degrees.

If you decide to ignore the law and your clothes catch on fire, remember to Stop, Drop, and Roll.

Grilling safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But a grill placed too close to anything that can burn is a fire hazard. Grills can be very hot, causing burn injuries. They should never be left unattended, and children should be kept away from them at all times.

To safely use propane grills, check the gas tank hose for leaks before using it at the start of the grilling season. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If you have determined that your grill has a gas leak and there is no flame, turn off the gas tank and grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire

department. If you smell gas while cooking, immediately get away from the grill and call the fire department. Do not move the grill. If the flame goes out, turn the grill and gas off and

wait at least 15 minutes before relighting it. Always keep the lid open when lighting the grill.

Only use starter fluid with charcoal grills, and never apply it to an open flame. When you are finished grilling, allow the coals to cool completely before disposing of them in a metal container.

Navigating life and work in St. Matthews has been simplified with the help of the city's new website. Go exploring not only to find the answers to your questions, but also to learn how you can be a good neighbor and a contributing member of this vibrant community.

Burks Cemetery is located in the Springs Shopping Center, 970 Breckenridge Lane, surrounded by a stone wall, encircled with tall evergreen bushes.

Code Words

Time to mow

So you are glad winter is over but haven't quite yet embraced the lawn duties that come with warmer weather. St. Matthews Ordinance § 94.04 requires that grass be maintained at a height no greater than 8 inches and that all vegetation be properly maintained. This applies to private property as well as to the adjacent public easements and rights-of-way. Besides your front lawn, it is also your responsibility to cut the grass and trim back any vegetation in rear or side easements and alleyways.

Parking by the rules

While temporary parking of a vehicle on the street is generally allowed, no vehicle is to be left parked on the street for more than 24 hours or it is considered to be abandoned.

Because of St. Matthews' numerous narrow streets, it is important to allow emergency vehicles, such as ambulances and fire trucks, sufficient room to get past any parked vehicles. When two vehicles are parked on the street opposite one another, which has happened several times recently, there is not enough

room for these larger vehicles to pass. Keep conscious of the issue and make traveling easier for everyone.

Sidewalks are for pedestrians

After being cooped up all winter, many of your neighbors with children in strollers, and some with physical limitations, will be using the sidewalks. The sidewalks were built for pedestrians and should be kept free from obstruction. St. Matthews ordinance § 92.03 reminds us that it is illegal to block any portion of a sidewalk at any time.

Reel Recovery

A fly-fishing retreat is being held at Wooded Glen in Henryville, IN, May 18-

20 for men in Louisville and Southern Indiana who are recovering from cancer. Reel

Recovery, a national non-profit organization, seeks to help men in the recovery process by sharing with them the healing powers of the sport of fly-fishing while providing a safe, supportive environment to explore their personal experiences with cancer.

The retreat is offered at no cost to participants and is led by

professional facilitators and expert fly-fishing instructors. Reel Recovery provides all meals, lodging, and fly-fishing equipment, and no previous fishing experience is required. A maximum of 14 men are invited to participate.

To learn more about or to apply for this event, go to info@reelrecovery.org or call 800-699-4490.

Seasons Greetings

St. Matthews Street Fair May 16

This year's festival will be held Saturday, May 16, from

11 a.m. to 10 p.m. on Frankfort Avenue between the Lexington Road intersection and Bauer Ave. The Festival highlights community businesses, history, cuisine, and style, while showcasing the area's retailers, restaurants, live entertainment, and much more.

Family fun and activities include the Kidz Zone and the Wellness Fair. Parking is available off site at designated businesses in the surrounding areas. Contact the Chamber of St. Matthews at 899-2523 or go to www.StMatthewsChamber.com for more details.

Take me out to the ball game!

Ball season has already started in St. Matthews. Head to St. Matthews Community Park from now until June to enjoy one of America's oldest sports for FREE. Located on Ten Pin Lane

across from the Mall St. Matthews, the ball park features talented boys and girls, ages 4 to 15 years, as well as a great refreshment stand where you can purchase a hot dog and cola to complete your visit.

Ball games are played Monday through Friday at

6 p.m. Saturday games begin at 10 a.m. and end around 9 p.m. Sunday is reserved for make-up games, due to rain outs, and begin at 1 p.m., if required. For more information on specific times and dates for these FREE events, go to www.stmatthewsbaseballandsoftball.com.

The Woman's Club of St. Matthews

Would you like to make a difference in our community? That is exactly the goal of the Woman's Club of St. Matthews, open to women of all ages. WCSM funds various community projects, provides scholarships to five St. Matthews area high schools, a scholarship to an adult woman returning to school after an absence, and works on various other service projects in and around St. Matthews. Members also

enjoy multiple social events and educational programs throughout the year.

Currently meeting at the St. Matthews Community Center at 310 Ten Pin Lane on the 2nd and 4th Mondays, September through May, WCSM is looking for new members who want to work together to make a difference. Check out its website at www.wcsm.org or call Fran Evola, president, at 445-3040.

Founded in 1938, WCSM will be celebrating its 77th

birthday and awarding its 2015 scholarships at a luncheon on Monday, May 18, at 11 a.m. For more information or to make a reservation, contact Pat Best at 895-6416.

Woman's Club members visit Raptor Rehab.

Alexander Hamilton Historical Society of Kentucky

The Alexander Hamilton Historical Society of Kentucky (AHHS) meets in the second floor meeting room of the St. Matthews-Eline Library. All meetings are free and open to the public.

Upcoming meeting topics include:

May 16

Attorney Jim Hill will review *Chief Justice John Marshall, Definer of a Nation*, written by Jean Edward Smith. Appointed by President John Adams in 1801, Marshall served as Chief Justice for thirty-five years.

Chief Justice John Marshall

Under his leadership the Supreme Court became a dominant force in American life.

June 20

Dr. Karl Kuhl will review *A Great Improvisation: Franklin, France, and the Birth of America*, written by Stacy Schiff. Ben Franklin, arguably America's greatest diplomat, negotiates for American independence in Paris.

July 18

Attorney Mark Webster will review *Thomas Jefferson, the Art of Power*, written by Jon Meacham. Jefferson was a skilled philosopher and politician. Come hear about the life and times of this extraordinary man.

Beargrass Historical Society

Images of America

Authors John Findling and Tom Morton continue to request information for their upcoming book, *Images of America: St. Matthews*. Mr. Morton is present every Wednesday from 10:30 to 12:30 in the Beargrass Historical Society room on the second floor of City Hall. He welcomes anyone who wishes to drop by with stories, old photos (especially pictures of St. Matthews pioneers) and anything to do with potato agriculture, dairies, farms, warehouses, transportation, and festivals, as well as memories of early Shelbyville Road Plaza, the Mall St Matthews, and the Dupont area. Alternately, appointments can be made with Mr. Morton by contacting him by email at tmorton307@hotmail.com or by phone at 396-9406.

May 17, 2 p.m.

Louisville author Michael E. Jones will be with us to discuss his recently published book, *Louisville Jug Music: From Earl McDonald to the National Jubilee*.

fiddle and guitar tunes of the day like everyone else. But America's 18th-largest city was harvesting music from an unlikely source, whiskey jugs! The jugs abounded because of the community's long association with bourbon.

Louisville is the storied birthplace of jug band music. At the turn of the 20th century, the River City enjoyed the lively, traditional

In 1903, Kentucky Derby fans first heard the now legendary Louisville Jug Band. That's the era in which the infectious rhythm of jug bands was serenading steamboat passengers up and down the Ohio River. In the 1920s, Louisville's proliferating jug bands were entertaining theater and dance crowds in major cities east of the Mississippi. Today, jug band music is popular worldwide.

The National Jug Band Jubilee was launched in Louisville in October 2004. The Jubilee is held the third weekend in September at Brown-Forman Amphitheater, located in Waterfront Park at 1301 River Road.

Both the Jubilee and Michael Jones' presentation on May 17 are free and open to the public.

Your Works at Work

Winter weather has not kept the Construction and Works crews from its many tasks.

Recent projects included:

- Hycliffe Avenue – completed installment of catch basins.
- Williamsburg Court – completed new drainage system. Asphaltting will be completed this spring.
- McArthur Drive – repaired sink hole.
- Planted free trees in right-of-ways all around the city, including city parks.
- Repaired water damage at the concession stand in Community Park by hanging drywall and painting.

- Snow treatment and removal.
- Landscaped beds in parks and at City Hall.
- Patched pot holes.
- Re-graded alleys.
- Cleared catch basins to ensure proper drainage.
- Constructed improvement to Works Department compound.
- Removed graffiti from Draut Park.
- Repaired sod and ruts in right-of-ways resulting from snow plowing.

Upcoming projects will include:

- Replacing several vehicle pull-off pads with grass.
- Addressing small drainage issues throughout the city.
- Continuing with sidewalk repair work throughout 2015.
- Evaluating requests for new sidewalk construction.

Park Place

The Weinberg tee ball field at Community Park is getting a much needed face lift. The entire field, fencing, and bleachers have been removed and are being replaced for the 2015 season.

Weinberg Field was one of the few Little League baseball fields in the country with a tree in the outfield. Because the tree wasn't in the best location, it was removed.

More trees will be planted outside of the baseball field.

The grass field, which was uneven and drained poorly, is being replaced with a synthetic turf surface. Because the field is designed with a drainage system underneath the turf, tee ball teams won't have to cancel games after a spring rain. The turf field will

and softball teams will be able to practice infield drills on the new turf field because the

be level, allowing children and adults with disabilities to play on the new surface.

Older girls and boys baseball

bases are movable.

Much larger and wider bleachers have been ordered to replace the two smaller bleachers. The new bleachers should easily accommodate all family and community members who come to cheer on the younger generation.

Washburn Avenue quiet zone update

To ensure both the safety of residents and a good night's sleep, Washburn Avenue's railroad crossing is in the process of being revamped. Currently, a loud horn warns crossing cars of an oncoming train. With the renovation, Washburn Avenue will be widened at the crossing, new barrier medians will be installed, and upgrades will be made to the

signal equipment.

Project bids for the Washburn Avenue quiet zone opened in April, and a contractor was selected. CSX Transportation has reviewed the contractor's credentials and is working out a schedule for its

crews to perform the work in conjunction with the contractor.

Once the project work begins, the Washburn crossing is expected to be closed for five days. Construction costs will be split between former Metro Councilman Ken Fleming's District 7 Capital Infrastructure Funds and the cities of St. Matthews and Lyndon.

Good Neighboring

Mattress pickup

Rumpke has begun enforcing a formerly overlooked rule: old mattresses and box springs must be wrapped in plastic before being picked up. This also applies to other upholstered furniture.

Mowing reminders

When mowing your yard, don't forget to take care of the grass alleyways adjacent to your yard. Aim the mower so that grass clippings do not blow onto the street or sidewalk or onto your neighbor's driveway.

Pet peeves

If you have a dog that barks incessantly at night or early in the day, take

steps to silence him for the sake of your neighbors. Remember to pick up after your pets and keep them on a leash.

St. Matthews Ordinance § 88.03 states that pet owners must keep their cats, dogs, and other animals on a leash when not on the resident's property. If the animal is in an unfenced area on the owner's property, it must be under the control of the owner at all times.

Keep children safe

Soon children will be out of school and playing in their yards at all times of day. Make sure your speed is at or under the limit so you have plenty of time to brake if a child chases a ball into the street.

Paving stones

If you put out paving stones, stone pyramids, or other obstructions to keep people from parking on the right-of-way along your property, keep in mind

that you could be held liable for any damage or accidents they may cause. Should you elect to place these obstructions, they must be placed a minimum of 18 inches from the edge of the pavement.

Hometown History - 2015

Today, the northwest corner of Thierman Lane and Shelbyville Road is the location of Papa John's Pizza and Chiller's Micro Creamery. Sitting further back is what long-time St. Matthews residents refer to as "the old Sears building," housing multiple businesses.
